Rev. W. W. Pyott passed through town today on his return from Conference. He was very happy over his acquittal of the serious charges on which he had been tried. He has been sent to East Tazewell circuit as preacher in charge.

A few days ago the town authorities and Dr. Gillespie got into a controversy over the right of way through the Dr. S. lot where the new water pipes were being laid. The dramatic entertainment at the town hall last night, given by Mr. Jack Core and part of the Charles King Co., assisted by local talent, has been pronounced by those who attended it a most creditable entertainment. It was said by some to be

Col. H. C. Alderson was out hunting on Monday and was using the fine English double barrel gun which Col. May presented to him last winter. Col. Alderson aimed his gun at a piece of game and fired, when the right hand barrel burst and was torn into shreds nearly half the length of the gun. The gun was quite a wreck but Col. Alderson escaped injury. If it had been a common gun, he, no doubt, would have suffered serious injury.

A few days ago the editor was taken with a very severe cold that caused him to be in a most miserable condition. It was undoubtedly a bad case of the grippe and recognizing it as dangerous he took immediate steps to bring about a speedy cure. From the advertisement of Chamberlain's Cough Remedy and the many good recommendations included therein, we concluded to make a first trial of the medicine. To say that it was satisfactory in its results, is putting it very mildly, indeed. It acted like magic and the result was a speedy and permanent cure. We have no hesitancy in recommending this excellent cough remedy to anyone afflicted with a cough or cold in any form.—The Banner of Liberty, Libertytown, Md. The 25 and 50 cent sizes for sale by J. E. Jackson, druggist.

To the Voters of Tazewell County.

I beg to announce myself an independent candidate to represent Tazewell county in the next session of the Legislature of Virginia. I am the candidate of no political party. I favor a tariff for protection, levied consistent with the best interests of all classes and conditions of men. I favor an honest non-partisan election law. I favor both gold and silver as standard money, at the ratio of 16 to 1. I favor the election of a United States Senator whose views are in accord with the above. If I am elected I will, in all local legislation, endeavor to represent the whole people without regard to party politics.

Hoping you will give me your support and a favorable consideration, I am Yours to serve, JAMES W. SMITH, Doran, Va., Oct. 4, '97.

A BIG BLAZE AT NORTON.

The Town of Norton Visited by a Large Fire.

TWENTY-FIVE THOUSAND DOLLAR LOSS

Amount of Insurance not Known, but Some of the Losses Held by Companies Represented by Chapman & Hurt.

On Monday night the town of Norton had a fire which destroyed a large part of the business portion of the town. It is supposed to have started from the explosion of a lamp in the rear part of Lindsey's hotel. The fire destroyed Lindsey's hotel and stock of merchandise, Hall's hotel and saloon, Bates & Co's stock of goods, Clinch Valley Supply Co's. store and stock, Taylor & Co's. store and Norton Land and Improvement Company's office and several out houses. The fire reached the store of J. H. Wingfield & Co. on another block, but for the heroic efforts of the fire department it would have destroyed the entire block in which Wingfield's & Co's store is situated. The stock of that firm was damaged by removal from building.

The total loss amounts to about \$25,000. The only insurance known to us was carried by Chapman & Hurt, of Tazewell, which is as follows: On the Norton Land and Improvement Co's. office building, contents and out buildings \$750. On the stock of Wingfield & Co. \$350., divided among four companies.

The Palatine (Ins.) Co. also carried \$250 under schedule on the Norton Land and Improvement Co's. risk.

VIRGINIA REPUBLICANS.

Their Courage in Nominating a Ticket Commended by Democrats.

Petersburg Index Appeal.]

A good citizen of Virginia ought to commend the action of the recent Lynchburg convention in making a declaration of its principles and in putting forth a full State ticket in exposition and championship of those principles.

The personnel of the ticket is entitled to respect. The nominees are native Virginians, and, we believe, all former Democrats. We have known Mr. McCaull intimately since his entrance into politics as a Democrat, and have watched him in his transitions to readjustment and to Republicanism. He is a man of fair abilities, tireless energy and great force of character. As a campaigner and a rough, roll and tumble debater on the stump he has few equals and probably no superior in the State. No one knows better than he how to catch and control a crowd. In the days of readjustment he frequently measured swords with Major Daniel with no discredit to himself. In addition to his legislative services he has been clerk of the Virginia House of Delegates, collector of internal revenue and once or more unsuccessful candidate for Congress. With this experience he ought to be a very well equipped campaigner, and it is to be hoped that he and Major Tyler, who is also a powerful stumpster, will meet in joint discussion.

The other nominees are clean and capable men and will do honor to the party and to the State. Mr. Lyons is well known in this section of Virginia as an accomplished gentleman and an able lawyer. There is not in the present ticket a taint of the old elements of carpebagism and scallawagism that made Republicanism so odious in this State a quarter of a century ago.

IS BRYAN A HOODDOD?

Some Disasters Evidencing the Truth of This Claim.

Kansas City Journal Rep.]

In assigning causes for bad effects there appears to be no reason why one mistake involved should not be held as much to blame as another. In the recent wreck at Emporia the west-bound train was late because the chief of free silver forces, Mr. William J. Bryan, could not get through the important business of cheap talk to the people soon enough to permit the train he wanted to ride on to start on its regular time. Hence the late train and the heavy train and the "double-header" and the changed orders and the confusion of trainmen and the wreck.

Poor Jim Brannan, one of the dead engineers, is said to have been an enthusiastic Bryan man. In one way it is absurd to charge Bryan with having caused the wreck. In another way it is

unqualified true that he did cause it, and under all circumstances it is right to call attention to the fact that he seems to be a hoodoo. The persons, the parties and the principles which adopt him for a chief seem to go to smash just as the Emporia train did.

The poor old Democratic party tried to carry him, and into the ditch, it went. The Omaha newspaper tried to carry him, and one or the other had to quit. The free silver people tried to carry him, and every word he said on the subject drove away voters. The railroad men tried to carry him on his promise to help them strike whenever they got ready, and the result was a party in power in Kansas, Texas and elsewhere which has not done a thing but pursue railroads to the end of cutting down earnings, which means cutting down wages.

The list of disasters which have gone along with Bryan might be protracted without limit, but there are enough to show that however good a man he may be he is certainly a hoodoo. Fortunately, although an incident of the Kansas City Carnival he is in no wise responsible for it or legitimately connected with it.

It's a Good Thing

That our tastes don't all agree. Think what an unhappy world this would be if all the young men fell in love with one young woman, or if all of the old men thought there was "only one girl in this world." It would leave lots of wall-flowers on the bargain table, wouldn't it? Last week in one of the plays in the Hall one of the actors said: "Excuse me Colonel" and half of the audience roared with laughter while others did not see the "point." During another scene another fellow was heard to break forth in ecstasy all alone; and in the most tragical part of the play three others were bubbling over with delight as tear drops trickled down the cheeks of others. Strange, aint it, how tastes do differ sometimes? Think how we'd feel if we all thought alike. Think how we'd look if we all dressed alike. The other day one man was looking at a suit here, and another man came along and said: "I wouldn't wear that to a dog fight." The first man said he wasn't buying it to wear to a dog fight, because he didn't know the other fellow was going to fight. That wasn't at all sociable as we like our customers to be; but it shows how tastes differ.

We've got clothes fit to wear anywhere, to church, to Sunday school, to see your best girl, to a dog fight or most anywhere else. We've never been in a position to show so many different kinds of clothes since we've been in business as we are now.

We're somewhat in the position of a visitor who came out of the gate of the fair grounds a few days ago. He said he saw so many good looking ladies in all directions that he wished he had more eyes; and he said, hurrah! for old Tazewell. Strange aint it, how tastes do agree sometimes. We've got so many good looking clothes that we wish we had more room to show them.

We are showing Men's Suits from \$4 to \$25, Men's Overcoats from \$4.50 to \$16.50, Children's Suits from \$1 to \$6, Children's Overcoats from \$2 to \$5, Boys' Suits from \$3 to \$10, Boys' Overcoats from \$2.50 to \$7.50, and Macintoshes for men, youths, boys and kids. You'll say you never saw so many good looking clothes in Tazewell at once, and we'll say you never saw a better lot. Come and bring the boys.
